Dear Mrs King,

I am writing to support Crested Butte's IMBA chapter,
Can't wait to return to CB and ride more!

Please consider:

- Include the Upper Cement Creek to Crystal and Drive Park Reroute to allow for public comment. These two trails were vetted and approved by the Gunnison County Sustainable Tourism and Outdoor Recreation Committee, which is composed of stakeholders across all disciplines.
- Include Snodgrass Public Trail and the Eccher Gulch/Granite Basin trails in the project. In CBMBA's outreach to recreation stakeholders, moving Snodgrass onto public land is the top request from trail users. This current NEPA process would have been the ideal place to gather input regarding these two trails and removing them is a missed opportunity for public outreach.

Warm regards,

Patrick Barry
