Rob,

Gwenn had trouble with the underlines in the email address for submitting scoping comments, and asked me to forward her brief comment from herself and her husband on the SNF travel management plan scoping document. Her email is included below so you can confirm that the message is from her, if you need to do that.

Thank you for accepting her comment and including it in the public record.

Connie

Hola Connie:

Hate to be pain in the butt but I cannot underline the address?!?! Tried different tricks but I must be too computer illiterate. Can you forward it for me? !Muchas gracias!

Please do not add more motorized roads. We have done enough damage to our open space. Where we can, we must close down our intrusion into our open spaces. We have enough roads!! Our goal needs to be protection first!

Thank you,
Don and Gwenn Wadsworth
