Hi,

My name is Ben Sears and I have lived in lander for 3 years consecutively. I have also been a climber for roughly 9 years. Access to the Little Popo Agie Is such a high priority to a bunch of us. The only way we can access this canyon is via roads 352 and 326. I truly believe that climbing is a growing sport. Every spring since I moved here I have seen the lots for various climbing areas fill up more and more. The future of climbing in the Lander area is in the Little Popo Agie. Also, we are not the only user group using this road. I have seen a mixture of hunters, fishers, and hikers all back there. I would please ask you to consider to prioritizing roads 352 and 326 and get up to Level 2 condition standards.

Thank you

Ben
