

To Shoshone Forest:

In regards to: **"Travel Management Proposed Action"** - 30-day public comment period beginning May 27, 2016.

I stand opposed to the closures of the upper Sunlight road, upper Clearwater and any roads in the Shoshone National Forest.

At a time where the USDA is actively advertising and encouraging citizens to come and visit the national forest (<http://www.discovertheforest.org>), limiting or removing access does not make much sense.

Ronald L Nordberg
