Subject: Shoshone National Forest Travel Management Proposed Action
Date: Wednesday, June 15, 2016 9:48:45 AM

I attended the meeting in Dubois, WY to hear this plan presented. I am an avid user of the forest in motorsports and hunting and fishing. I am also a landowner in the Union Pass area. I feel that this plan is fair and equitable for the most part. The part that worries me is the possibility that this plan opens the door to those wishing to restrict the multiple use of our forest, the "give them an inch and they'll take a mile" concept. Thank you.
