Subject: Travel Management Comments

I would like to express my opinion that road access in the Shoshone National Forest should Not be expanded beyond current designations. We are always going to have special interests wanting to increase their particular type of forest use, but the Shoshone is special among National Forests and should be left as is. I have been enjoying the Shoshone since the 1970's and compared to other forests that I have enjoyed the Shoshone is so unique.

Sincerely
Jim Klebba
