Subject: Shoshone National Forest Winter Travel Management Plan

Hello,

[REDACTED] an avid snowmobiler. My family & I have recreated the surrounding mountain areas for years enjoying the outdoors & have enjoyed watching our son do the same as he grows. Snowmobiling is a way of life for us to get out and enjoy the scenery along with having a lot of fun doing it. We are & always will be pioneers of keeping the countryside clean & safe so that our kid's children can enjoy what we have some day. Please keep the areas in question open to recreational snowmobiling!

Thank you,

Mike Adams
