RE: <https://www.fs.usda.gov/detail/shoshone/home/?cid=fseprd501688> – Comments Due December 10, 2017

Rob Robertson,

I reviewed the revised proposed action expecting to find National Scenic and Historic Trail discussions and location maps; however, this information is not present. As such, I am resubmitting comments sent on July 18, 2016. In addition, I have attached the current version of a Continental Divide Trail Planning Handbook that includes useful information for addressing travel management planning and National Scenic Trails. I recommend reviewing, in part, the following handbook sections:

Chapter II. Nature and Purposes of the CDNST

G. Nature and Purposes Policy

Chapter III. Land Management Planning

D. CDNST Comprehensive Planning

E. Visitor Use Management

G. Carrying Capacity

H. Substantial Interference

Chapter IV. Legislative History and Policy

D. Executive Orders

E. Study Report, Comprehensive Plan, and Policy for the CDNST

Chapter V. Comprehensive Planning Relationship to NEPA

A. Relationship of NEPA to Comprehensive Planning

B. Establishment of the Purpose and Need for Action

C. Identify Proposed Actions and a Reasonable Range of Alternatives

D. Analyze the Effects of the Proposed Action and Alternatives

E. New Information, Monitoring, and Modifying Decisions

Please ensure that travel management decisions are consistent with the National Trails System Act as implemented through the 2009 CDNST Comprehensive Plan and FSM 2353.4 (Federal Register Notice: 74 FR 51116).

Thank you,

Greg Warren
