Subject: travel management

Dear People

As a winter snowmobile user I am a little concerned about the proposed winter use restrictions. Last years proposal of no off trail use on the loop road and into Maxon Basin were good proposals. This years lower elevation restrictions are in my estimation way over the top. Our club does still ride when conditions allow in your lower elevation area after and before your restriction dates. We have club trails that we maintain and groom in your lower elevation areas. I would propose extending the dates to 11/01-5/01 or going back to lower elevation area closures of Maxon basin and loop road areas.

Sincerely,

Price Purdum
