Please be specific and provide rationale for your position. In other words why do you like for dislike about the proposal.

Due to the rugged terrain, steep ascents/descents, boggy area and otherwise pristine nature of this section of land between the S. Fork Wood and Gooseberry Creek, I am adamantly opposed to this proposal. Elk routinely use the pass from Chimney Creek (S Fork Wood Tributary) to Quaking Aspen / Bowen Creeks as a migration corridor and I feel this would be detrimental. While this would connect two existing motorized trails, it would not make much of a loop, unless you'd like to drive 20 miles. I feel this does not match the scope of the WY DNVA needs.
