Current Proposals

1. Which proposal are you commenting on? NZ -13

2. Provide comments below on the proposal:

Please be specific and provide rationale for your position. In other words why do you like for dislike about the proposal.

I object to this proposal.

The current trail (equine portion) has wet areas and steep terrain.

There is also potential for motorized and wild life conflict especially elk during hunting season. The elk move back and forth from private land to FS land.

Motorized presence will move them to private, where they will stay.

Howard Sanders
