Please be specific and provide rationale for your position. In other words why do you like for dislike about the proposal.

If there are existing roads/trails (motorized)
as a part of this proposal that are currently
closed, but if opened would provide access,
I am in favor. However I am opposed to
opening new terrain up to connect existing
roads/trails. This is diverse range/habitat
for elk, deer, etc... as well as large
Carnivores
