Ranger District: Wind River Ranger District

New Proposals

1. What is the proposal? (loop; route; closures; restrictions) , etc.)

Clearly and concisely state the Proposal. Include as much detail as possible.

Loop

2. Where is the proposal located?

Give general description of project location (example: 5 miles SW of Cody, WY) as well as UTM coordinates, Township/Range/Sec, or Lat/Long if you have that information.

Tappen Creek

3. Why is your proposal desired or needed?

This loop would start just before the locked gate on Brent Creek USFS # 512. On existing road trend west Southwest toward Tappen Creek and loop back to USFS #512 North of the locked gate. This loop would be 4 to 5 miles long. This is located all on existing road that would make a nice loop. When more old roads are opened to public use there will be less illegal usage of these roads.
