2. Provide comments below on the proposal: (continue on back if needed)

[Please be specific and provide rationale for your position. In other words why do you like or dislike about the proposal.](#)

I realize that this proposal will not make the first cut because the proposal occurs in Management Area 3.3B and the following standards and guidelines apply: **MA3.3B-STAND-01; MA3.3B-GUIDE-02** .

And I concur with that, but I wanted to provide some historical background on this proposal. In the early 1990's a recreation planner on the Wind River Ranger District (John Borton) worked with a group of ATV Club members and developed that trail. It was not open for very long before the Forest Service realized the mistake they had made and closed it to motorized use. At the most it was open for two weeks before Ranger Brent Larson closed the trail because it was in a non-motorized management area prescription from the 1986 LMP. So this trail was not a long standing route as proponents of the proposal claim.
