Ranger District: Wind River Ranger District

Current Proposals

1. Which proposal are you commenting on (WR-1, WR-2, etc.)?

WR 37 through WR 43

2. Provide comments below on the proposal:

Please be specific and provide rationale for your position. In other words what do you see as the merits or concerns about the proposal.

We are opposed to the closure of any existing open road on the Shoshone National Forest.

Dubois depends on the federal land surrounding the community for a large part of the economy. By increasing and improving our motorized trail system on the national forest the tourist economy of our community will improve.

We are recommending increasing the width restriction currently on trails to accommodate the Side by Side ORV's. This increase has been done in other National Forest systems in Wyoming.

We are opposed to any reduction of summer or winter motorized use. By providing more motorized trail opportunities the "user created trails" will reduce.
