1. Which proposal are you commenting on?

11213 Aspen Creek trail

2. Provide comments below on the proposal: (continue on back if needed)

Please be specific and provide rationale for your position. In other words why do you like or dislike about the proposal.

I oppose this ATV trail. The area is boggy and not conducive to motorized travel. Considerable amount of money and time has been spent on the 5 foot trail head for horses. If this trail is open to ATV this trail head will be lost to horse use.

The Little Sunlight Camp ground has on many occasion been taken over by the ATV crowd and has eliminated the availability to horse use. 9+ years past there was a sign that indicate no ATV use. To move an atv camping area across the road would not eliminate the problem. a better solution would be to move the ATV further up the Little Sunlight road to possibly the gate. This would also eliminate their need to ride the Sunlight road for those additional miles.

*Trail #650 coming out of the trail head would
need a non-motorized access coming out of the trail head.
This is the only access into the East Fork and would
cause conflict for the existing horse use. Also if this
new ATV trail is allowed there should be a special
trail head or camp ground for them so they do not displace
horse users as they have in other locations*
