Ranger District: Wind River Ranger District

New Proposals

1. What is the proposal? (loop; route; closures; restrictions) , etc.)

Clearly and concisely state the Proposal. Include as much detail as possible.

The steep terrain on two ocean mountain is a very popular place to ski. these days, there can be up to 20 skiers on a weekend. It needs to be closed to snowmobiles. They create pits and ruts that I, and others I know, have unexpectedly fallen into.

2. Where is the proposal located?

Give general description of project location (example: 5 miles SW of Cody, WY) as well as UTM coordinates, Township/Range/Sec. or Lat/Long if you have that information.

on Togwotee pass, continental divide trail. The trail should still be open to snowmobiles, just the small area of two ocean mountain.

3. Why is your proposal desired or needed?

Snowmobiles create dangerous pits, ruts, and go very fast on two ocean. They have lots of other terrain to ride on. Keeping the very small area of two ocean off limits will do wonders for the local skiing community. Thank you for your

Consideration!

New Proposals

1. What is the proposal? (loop; route; closures; restrictions) , etc.)

Clearly and concisely state the Proposal. Include as much detail as possible.

To have the two Ocean area closed to snowmobiles at least on the gully where skiers are most commonly skinning up, or skiing down.

2. Where is the proposal located?

Give general description of project location (example: 5 miles SW of Cody, WY) as well as UTM coordinates, Township/Range/Sec. or Lat/Long if you have that information.

It is in the two Ocean Mountain Area by the access from the Continental Divide trail.

3. Why is your proposal desired or needed?

The proposal is needed to keep skiers from getting injured by hidden ruts or ditches made specifically by snowmobiles.
