

October 21, 2012

Dear Ranger Metzler:

Please find enclosed six new proposals and twenty-three separate comments on other proposals. We have worked very hard since the September workshop to create proposals that will improve the motorized travel system in the Wind River District. All six proposals are closures of existing routes and are well described and defended. If there are any questions regarding them, please feel free to contact me.

The comments are self-explanatory, I think. Again, any questions, please reach out.
