The fact that it brings value to Spirit Lake in Kootenai County does not mitigate the extensive demise of reduced home values where this project is slated to go. Basically, the government/commissioners will do what ever they want regardless on how it impacts those in the area of this project in Bonner County.

The value reduction of the homes in this area is absolutely provable. A location in Kootenai County near Spirit Lake should have been found/chosen instead AND Keeping the Spirit Lake choices from harming the Bonner County residents that will be greatly impacted.

Of course THIS IS exceptionally obvious and cannot be missed. However, it was certainly planned without forethought of the horrific impact it will have on homeowners in the Bonner County area of Spirit Lake.

**JEANNE CONSIDINE, CERTIFIED MASTER INSPECTOR**

**Subject:** City of Spirit Lake Townsite Conveyance Project - Updated Email Link

Good morning – Our May 9, 2022, letter provided information regarding the environmental assessment, draft decision notice, and finding of no significant impact for the proposed City of Spirit Lake Townsite Conveyance Project. It has come to our attention that the email link ([appeals-northern-regional-office@usda.gov](mailto:appeals-northern-regional-office@usda.gov)) provided on

page 2 of the letter is functioning sporadically. To ensure we don't miss any correspondence from you, please direct any emails regarding this project to me ([kerry.arneson@usda.gov](mailto:kerry.arneson@usda.gov)) instead of the "appeals" email address. I will confirm receipt of your email.

Thank you for your patience.
