Old growth forests are keystone to sustainable

Please don't take down any more old growth trees!
We need to act NOW!
We have saved very little for future generation
I strongly urge you to STOP and think of the future

I believe in an America that stands for something
Dear President Biden and Congress, Please protect our trees

We need protect old growth trees!!!

Please respect these trees!

However, you MUST do MUCH MORE. We MUST protect our trees

PRESERVE ALL WE CAN SO THE FUTURE GENERATIONS CAN ENJOY THEM
WE NEED TREES
Logging old growth does not make sense anymore
These old growth trees are historical in nature.
Old Growth Forests are vital habitats and provide many ecosystem services
Large areas of old growth forest are rare. Please protect them
Mature trees 80 yrs. old minimum and old growth forests are irreplaceable
President Biden, Please direct focus on our nation's forests
Please take immediate steps to protect our mountains and watersheds

Old growth forests are one of our best resources
With all that is going on with rainforest depletion

too much mature forests have already been lost

The bigger and the older the tree the more carbon

Save a single old growth tree and you are saving

We must protect old-growth trees as we try to

protect old-growth trees!!!

We are just beginning to understand the huge

Forests are already stressed by climate change
Trees live a lot longer than men. I should envy
Saving the last of the Old Growth forest is of ut

We're running out of time and chances to save Bel Air

I worked for the USFS 1977 - 1984 as a Biologic

Please save what remains of our valuable old

Grow a conscience

Please protect mature and old growth trees

Old growth forests are an important legacy we

Save the trees!!!

If we don't spare the old growth trees we won

Thank you for taking the next steps to advance

One of my most precious memories, and one I

We have to protect our precious old growth trees

Please protect them!!!

WHY IS ANY LOGGING GOING ON AT ALL? That
