

I am writing to share my thoughts on Perpetua Resources' Stibnite Gold project. There are many reasons why I am excited for Perpetua's project to come to life. It would provide America with our only mined supply of antimony, a mineral critical to our national defense and energy sectors. I hope through my comments you will understand why I want to see this project move forward.

I urge you to accept Perpetua Resources' plan as outlined under the 2021 Modified Mine Plan and continue moving this project forward.
