

This letter is to express my support of Perpetua's Stibnite Gold Project. America needs this project to be permitted. It would produce our country's only source of antimony, a mineral we need for a secure and sustainable future. I hope after reading my thoughts you will understand why my support for this project is so strong.

It is with this knowledge that I encourage the U.S. Forest Service to select the 2021 Modified Mine Plan Perpetua Resources presented and permit the project.
