RE: Dillon Ranger District Workforce Housing Administrative Site Lease

Dear District Ranger Bianchi,

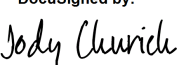

On behalf of Breckenridge Ski Resort and Keystone Resort, we submit this letter in support of the Dillon Ranger District Workforce Housing Administrative Site Lease. This important collaboration with Summit County and the Town of Dillon to lease the Work Center property for the development of up to 177 affordable housing units, a community center, public transit and trail connections, residential parking, and improved infrastructure and utilities would be a welcome addition to our community.

In April 2022, our CEO, Kirsten Lynch, announced Vail Resorts' commitment to invest in affordable employee housing in our mountain communities, and we continue to explore opportunities to bring that commitment to fruition. As one of our communities' largest employers, we also know how important the issue of affordable housing is for all employers in Summit County and recognize the tremendous benefits of this innovative approach by the Forest Service, Summit County, and the Town of Dillon.

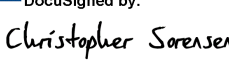

Addressing the housing crisis is a responsibility that does not rest on the shoulders of any one entity or employer. It is a shared challenge that requires cooperative solutions. It is in the pursuit of these solutions that we not only commit ourselves but also recognize the importance of acknowledging and supporting others who seek such solutions. It is in this spirit that we offer our support for the Dillon Ranger District Workforce Housing Administrative Site Lease.

Breckenridge and Keystone Resorts thank the Forest Service, Summit County, and the Town of Dillon for their efforts to bring more affordable housing to our communities.

Sincerely,

DocuSigned by:
