

Hello
I am writing to say that I stand with the
Nez Perce Fishery Department
I am also requesting a 45 day extension of the
75 day public comment period, as 75 is
not sufficient. The stibnite mine would be
a mistake to allow. It would degrade the
ecosystem, displace wildlife, disrupt the treaty
rights of the Nez Perce Tribe's traditional
foraging grounds, and allow for "unforeseen"
consequences to the Frank Church River of No
Return Wilderness. It is the Forest Service's
job to care for the land and serve people,
allowing this mine would go directly against
that. Please reconsider allowing the mine,
Stop Perpetua Resource's project, serve the
People.

A river enthusiast,
^{Natalie}
