

EASEMENTS AND LIES

Let's talk about Mr. Nels Swandal's Opinion Nov. 3 1986 and it's relationship to checkerboard U.S.F.S. areas and checkerboard areas of State property, and these mostly ridiculous New Trail Easements proposed by the CORRUPTED U.S.F.S. officials and these OUT OF STATE INTEREST. Mr. Swandal's Opinion, is what Park County has been trying to make disappear for the past 30 plus years, ever since big money out of state interest showed up in Park County. The PUBLIC has a right to know!!! Mr. Swandal's Opinion simply states "The trespass laws were designed to protect the land but they DO NOT PROTECT THE AIRSPACE above that land." "It is certainly possible for a person to locate a corner or make a good faith effort to locate a corner and step across it without trespassing on private land." Mr. Swandal's Opinion also states "it is feasible that a horse or pack animal could be led across the corner without trespassing." The CORRUPT POWERS THAT BE in Park County, The County Attorney's Office, The Park County Sheriff's Department, The M.T.F.W.P. and other State and Federal Entities have been ACTIVELY trying to make Mr. Swandal's Opinion DISAPPEAR for the last 30 years!! That's right "DISAPPEAR" and WHY is the Question?? What self serving piece of garbage would try to prevent Americans whose families have put men and women in harms way in the Service of this COUNTRY as MY FAMILY has done for the past 70 plus years, that's right 7 decades and there has been multiple members of my immediate family scattered throughout the 5 BRANCHES of the Military. And several immediate family members still active today.. It certainly would appear this latest effort to push the Public off of public property is being spearheaded by a couple of local Attorneys that probably took deferments from going to Viet Nam just to turn around a few years later and USE that knowledge, knowledge learned under the guise of that deferment and to twist it and use it against a public that by its Military service affords these CORRUPTED individuals the PROTECTION OF THE AMERICAN FLAG AND ALL IT STANDS FOR!!!! It's my opinion had they went and done their DUTY, they might not be so willing to do the bidding of these out of state interest..especially when it comes to throwing the PUBLIC under the bus.. Montanas antiquated law leaves it up to individual County Attorneys discretion who to prosecute and who not to prosecute. This very action, SANCTIONED by the State of Montana, violates my Civil Rights 14th Admendment, they violated my 6th Admendment when I was not allowed to testify at my own trial, no evidence, no witnesses.

With Nels Opinion we do NOT need all of these U.S.F.S. land trades that are being shoved down the PUBLIC'S throat, just go across corners. There is NO LAW period. All these entities are signing away the PUBLIC'S RIGHTS just because it's easier than fighting BIG MONEY. Mary Ericson's IDEA of a Forest Service Plan is simply to throw the PUBLIC under the BUS at every opportunity. It is my opinion that she is the LAST person in the world that should hold the job of Forest Supervisor. All she does is cater to these out of state interest, all the while the PUBLIC loses more and more ACCESS. They never back these Easements 10 or 20 years later they just turn a blind eye and pretend the easements don't exist. I cleaned Donahue Trail 183 for 27 years all on my back my horses my saw with just the help of some of the Burns Family,(the U.S.F.S. doesn't even clean and maintain EXISTING trails), just to have the Forest Service, Attorney General's Office who I have a letter from dated April 3 2019 which states "The Attorney General has no jurisdiction in this matter", problem is Donahue Trail Easement 183 clearly states on page 1540 that "the laws of the State of Montana shall govern resolution of such dispute" everyone in that office denied sending that letter, yet I'm looking at it as I write

this,, someone's fingerprints are on it!, and the County Sheriff all refuse to uphold the Easement of Trail 183. Mary Ericson's answer was to just \$\$BUY\$\$, (how much did that COST the PUBLIC,Mary,not counting your integrity) another easement up Rock Creek for U.S.F.S. LAW ENFORCEMENT and other government personnel, when it clearly states on page 1525 of said Easement "Access upon prior notice to Grantor, to enter upon the premises to inspect and to ENFORCE the rights herein" Point of Rocks Ranch manager refused U.S.F.S. Law Enforcement Brad Bolte entrance on 10 24 2018 and the following day, 2 times, on the third time their NEW attorney completely refused entry, it's my opinion these entities are so politically connected it certainly appears fear of losing their jobs supercedes job performance by these entities to the point they refuse to even do their JOB for FEAR of losing their jobs with a single phone call from one of these high ranking Federal and, or State Officials; I'm sorry that is straight up Obstruction of a Federal law enforcement officer. Criminal actions, these are, or is it because the Governor, and other high ranking State Officials started hunting up Rock Creek. Point of Rocks Ranch has been actively pursuing a land trade on Section 2 up Donahue Trail 183, just to enhance the Corrupt politicians GOOD OLE BOY HUNT CLUB. The public has as well as myself been Stalked,Harassed, Intimated and Assaulted by a rider on a horse and people who are armed to the teeth and by Aurthur Blanks West Creek Ranch Manager in 2017, his son armed to the teeth in the 2016 incident, told me his dad sent him to up to Section 2 and run off anyone he encountered, that didn't really work out well for him. I suppose it was mission accomplished though, as he ran the ELK off for a week.. WHY does the U.S.F.S. and the M.T.F.W.P. even have Hunter Harassment Laws listed in their REGULATIONS?They are a JOKE! Are these Politicians trying to intercede on Pt. of Rocks Ranch interest, and A. Blanks interest??? Are the JUDGES going to allow MORE MARYLAND STATE STATUTES to DOMINATE and Rule MONTANAS COURTS and the CORRUPT JUSTICE SYSEM?? Is A.M.B. Foundation going to donate another \$6 million dollars to Park and Gallatin Counties(and just exactly where is that money and its INTEREST???)as they did SHORTLY after I was Assaulted by Aurthur Blanks Ranch Manager, after Pt. of Rocks Ranch Manager went out of his way to stop and pick up my assailant obviously in a concerted effort to stop the PUBLIC from utilizing the U.S.F.S. between Rock Creek and BIG CREEK just to come 9 miles up the road and harass, intimate, and assault me and my friend! BOO HOO HOO you bad bad men crossed my corner,took my horns and left! CRYBABBIES, you can just cry me a river, boo hoo hoo. By the way I still cross the corners ha ha ha! And will continue to do so.

The PUBLIC is tired of these unnessary land trades, Mt. F.W.P. Drew Scott and the Sherrif's Dept. of Park County (in my opinion are acting as nothing more than PRIVATE SECURITY for these Out of State Interest) need to STOP VIOLATING MY CIVIL RIGHTS. Are these hunts, that are common knowledge, and the Governor alluded to last year over the wolf trapping incident, are these PRIVATE HUNTS listed as campaign contributions??? Why did the M.T. F.W.P. make a special certification class for the Governor?, I know people that were trying for 2 months to get their certification prior to the Governor's incident, however the M.T. F.W.P. website said there was "no upcoming events scheduled for this program" wow a special class for the Governor??? What's UP??? Oh yea by the way Nels Opinion covers AIRSPACE, horses, pack animals. Pay particular attention to AIRSPACE as it is the OPPOSITIONS main issue in regards to crossing corners.

Come on up to section 2, it is possibly the BEST Forest Service section in Paradise Valley to KILL bull elk. So Gov are you going to have Nicole Lumley threaten me with GUN VIOLENCE again as you did in your 2018 campaign ad you ran on National Television, was your (who just happens to be based out of "MARYLAND "buddy who owns 200 television stations across the country also involved with VIOLATING MY CIVIL RIGHTS. For those that judge me you should know my attorney, whom I paid over \$2000 (for a \$177 dollar ticket because I have right to speak in the Courtroom, we were made to sit in court for 6 hours and WERE NOT ALLOWED to say anything!!) refused to come out of his office the day of court, sent me to court with a person I had NEVER MET who did not know the Case at all and refused to put me or my friend on the witness stand, no witnesses were called, no EVIDENCE was allowed, M.T. F.W.P. Drew Scott's Video taken in my HOUSE was kept from the PUBLIC. Drew the PUBLIC as well as your supervisors, M.T. F.W.P. Commissioners are all going to VIEW it, you in my OPINION are one CORRUPT PUPPY. Oh yeah I used Nels Opinion in 2018 for a dismissal on corners and theft of a camera, used to STALK the PUBLIC who continue to use these corners, installed on a USFS tree just to STALK, Harass and Intimate the PUBLIC!!! Remember the GOVERNOR is the person who tried and FAILED to shut down an Access right by his house. Dear Gov does your CORRUPTION NEVER END???

- I want to discuss the Governors outlook on Section 2 up Rock Creek, Paradise Valley, if he is involved in an attempt to JACK this Section of U.S.F.S. property to further his and his GOOD OLE BOY HUNT CLUB interest??? Are you also involved in seriously VIOLATING the Donahue Trl. 183 easement by DRIVING on it??? Greg Giafornte, YOU ARE NOT AND NEITHER IS MARY ERICSONS U.S.F.S. GOING TO TRADE SECTION 2! With Nels Opinion and the FACT THERE IS NO LAW WHATSOEVER ON CORNER CROSSING IN MONTANA, just an antiquated b.s. law or some CORRUPT County, State, or Federal Official says so just to further a hidden agenda or someones CRIMINAL Power Trip! B.S. in any other language is just that B.S..

Senator Tester you have reviewed my file with Drewry from the P.L.W.A. when is enough enough already, how long are you going to sit by and do nothing while the PUBLICS Civil Rights are openly violated, they are harassed Intimated assaulted battered and property damaged as I have been these last 14 years? How many veterans have been victims of this abuse? The movement to access these properties is NOT GOING AWAY.

It is truly a pitiful day in America when these entities FEAR a person's testimony so bad that you are not allowed to speak at your own trial, no witnesses, no evidence allowed. Money can and does buy anything in Park County Montana. Not one entity will uphold these Easements even 10 years later let alone decades later, not the USFS, SHERIFF'S DEPARTMENT, M.T.F.W.P., nor the Attorney General's Office. These Easements are a JOKE period, bs is bs. Obviously by 1885 there was already pressure from the public over these checkerboard areas given to the railroad to further expand America's domain in the west in 1864 thus the Congress's action by the 1885 Unlawful Enclosure Act to PROTECT the PUBLIC USE OF THESE AREAS..
