Dear Members of the Chittenden Dammers.

Rich McCoy and I have had preliminary discussions about a possible agreement with VAST for the use of part of the eastern border of our property, including possibly the use of some of our logging trails. I understand that the interest is primarily in snowmobiling.

I have presented this possibility to the other family members who are owners of the property and had time to hear back from some of them. We are all interested in supporting the recreational opportunities in the Killington Area and we are interested in further exploring the route, interaction of use of such trails with our logging endeavors, and any other concerns on either side.
