I tried the address in the letter I received and it would not go through.  
I decided to email directly to you.

I am Lori Thorson and a land owner/resident between Custer and Hell Canyon. Why would we allow the greedy to drill and disrupt our National Forest? This will not just tear up the beauty but the wildlife will disappear also. Wasn't the original plan of the National Forest to PRESERVE the beauty and wildlife? Not to drill for gold to make corporations even more wealthy.

I am totally against this drilling and mining. God gave us this area to enjoy.

Say no to the gold mining/drilling.

Stand up for this will preserved beauty!

I will be at the meeting if I can get off work in time.

Sincerely and disturbed by this process.

Lori Thorson.
