Re: Granite Goose Landscape Restoration Project

To whom it may concern:

I would like to ask that you not decommission the roads from Meadows Valley
Grazing Association Cabin flat up to Granite Twin Lakes.

We periodically use these routes to get maintenance equipment such as excavators and tractors up to
the Granite Twin reservoir site

For good reason, the US Forest Service and the Idaho Department of Water Resources require us to
keep this reservoir in good and safe working condition.

Sincerely,

Ed Osborn

President

Granite Twin Lakes Water Users
