ATT: North Extension Project

I was Born January 11-1953 and was Less Than a Year old when My Parents moved to Ketchikan, Alaska. My dad was A Logger and I grew up in Logging Camps in Southeast Alaska. I have Lived in Southeast Alaska Almost 70 years. I moved to Juneau in Oct. of 1974 and have made Juneau my home for the Past 49 years. And In that time I have seen many Changes in Alaska, Especially Southeast Alaska - Some Good some Not so Good. I watched the Logging Industry disappear and Fishing Industry Decline. We don't have Hardly Any other Industry to Fall Back on. We Really only have Tourism, Government, Some Fishing and Some Mining. So I am in total Support of the Greens Creek Expansion Project. We Need the Mining Industry to stick around, And this Expansion project would Help keep this Mine stay Running for many more years. I have Worked At Greens Creek for the Past 10 years. It has Been A great place to work and its Been my Experience that they are Very Concerned About the Environment and their Impact on it. I hope to see Them stick Around for Many More years.
