**Subject:** [External Email]E-bikes on Hebgen area trails

Jason,

I'm very hopeful that regulations for the Short Line and Rendezvous Trails can be modified to allow Class 1 e-bikes again soon. I'm a 71-year old outdoors enthusiast with heart, back, and knee issues. I donated my regular pedal bike to charity and purchased an e-bike three summers ago. I rode the Rendezvous Trail two years ago on my e-bike and enjoyed every minute of it. Very disappointed that I wasn't allowed last year and not allowed on the Trail under ongoing current regulations. Please reconsider modifying to allow Class 1 e-bikes. I would love to try the new Short Line Trail, too.

Thank you for your consideration,

Tim Larsen
