RE: Alaska National Interest Lands Conservation Act (ANILCA) Cabin Policy Comment

Dear Ms. Berger:

I support the proposed policy revision change in the reissuance of special use permits for Alaska National Interest Lands Conservation Act, cabins.

To me the Tongass is a breath of fresh air and offers a unique chance to get away and relax. I enjoy the remote location while viewing birds, whales, deer, bears, seals, sea lions, otters, etc. and especially love the fishing.

The cabin is comforting, especially after a day of recreating. It would be amazing to continuing this experience for generations to come in making their own memories. I would like to see the permit of ANILCA cabin policy extended.

Sincerely,

Karin Stark
