(Anilka cabin comment)

Thank you for the opportunity to comment. My brothers and I have an ANILCA cabin in Seymour Canal. Our father purchased it in 1971 (or there about) from Eli Post, a professional trapper. Since then we have used it for hunting, fishing, canoeing, kayaking, boating, hiking, nature walks, etc. We very definitely would like to have the renewal or reissuance of special use permits to continue. We intend to pass on the cabin to our children and grandchildren.to

Thank you for the opportunity to comment.
