

Trails at Mena,

The Mena Chamber of Commerce is pleased to offer our support for the development of the Mountain Bike Trails project in Mena, Arkansas. This initiative holds great promise for our local businesses and our community's well-being.

The introduction of mountain bike trails will bring numerous benefits to our town. From an economic perspective, the trails will attract a significant number of tourists and outdoor enthusiasts to Mena. This influx of visitors will result in increased patronage of our local businesses, including restaurants, lodging facilities, and retail shops. In turn, this will stimulate economic growth and create new job opportunities for our residents.

Furthermore, we believe this is a wonderful opportunity for Mena to position itself as a hub for outdoor recreation. This project will reinforce our identity as a destination that values health, wellness, and the great outdoors. The trails will provide a safe and accessible avenue for individuals and families to engage in physical activity, promoting a healthier lifestyle within our community.

The Mena Chamber of Commerce believes that the Mountain Bike Trails project is a transformative opportunity for our town. We are committed to supporting this initiative and are excited about the positive impact it will have on our economy and community spirit.

We at the Mena/ Polk Chamber of Commerce endorse this project and look forward to seeing its successful implementation.

Sincerely,

Sarah Dye  
Executive Director  
Mena/ Polk County Chamber of Commerce
