The Castle Mountains are special to me and my family. The Meagher County Newspaper just arrived today with the note about the meeting yesterday regarding the Timber harvest. I was un aware of the meeting so I could not attend. We are definitely in favor of the timber harvest as there is a lot of dead timber that is waiting for lightning to take it out. The wood should be used for good things not burned to stand blackened. Please proceed with the project. Joanne and William Cummins, [REDACTED]
