FRANK G. QUEEN**

United States Forest Service

Haywood County Soil and Water Conservation District provides a high level of service to residents and citizens of Haywood County by and through the staff and Board of Supervisors. This organization searches for ways to enhance our County with grants and partnerships from the Federal, State, and local levels providing education, financial and technical assistance.

Haywood County is grateful to be within the Pisgah National Forest and have the ability to comment on the long range forest management plan and further recognize the benefits of proper forest management including but not limited to wildlife habitat, recreation, timber harvest, etc.

Haywood County Government supports comments provided by Bill Yarborough, Chairman, on behalf of the Haywood Soil and Water Conservation District. Haywood County looks forward to the continued cooperation and partnerships between US Forest Service, NC Forest Service, and the Soil and Water Conservation District.

Regards,
