To whom it may concern:

I am a resident of [REDACTED] and will be unable to attend the public meeting concerning the proposed APS power line from McGuireville to the VOC.

The 2.5 miles of line just south of the Village of Oak Creek **MUST** be below ground. The increased risk of wildfire to the VOC and surrounding area is too high to ignore this situation. If a 5 mile section can be buried to protect scenery, surely a 2.5 mile stretch can be underground to protect lives and property.

Sincerely,
Chris and Amy Nuhfer
