

Note: The Verification of Pete Lien and Sons Inc. mining claims were queried using the Bureau of Land Management Mineral and Land Record System (MLRS). Each geographic report was obtained to report any of Pete Lien and Sons Inc. mining claims within the South Dakota Township and Ranges: 2N 2E, 2N 3E, 1N 2E, and 1N 3E; all of which intersect the Pe' Sla 2 Mile Boundary contained in the Memoranda of Understanding, U.S. Forest Service Under Executive Order 14112, Appendix A.

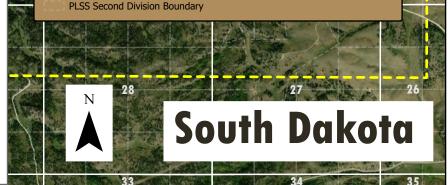

The 160 acres quadrants in pink are the quarters of any given one square mile section (640 acres) contained within any given Township and Range listed above. The quadrants were used to verify the geolocation of Pete Lien and Sons Inc. claim descriptions contained in the MLRS's search query. These locations provided by the MLRS show how accurate or inaccurate the MLRS's data is to the claims submitted by Pete Lien and Sons Inc. which are represented by the green with white borders.
