**Re: Anvil Vegetation Management Project**

Dear District Ranger Monsanto:

WildEarth Guardians (“Guardians”) adopts the comments submitted by Oregon Wild on October 31, 2025, regarding the U.S. Forest Service’s notice for the Anvil Vegetation Management Project (Anvil Project) located on the Clackamas Ranger District of Mt. Hood National Forest. As the notice states, “[a] 30-day comment period will be provided after the proposed action is finalized and a draft of the analysis is completed.” Notice at 2. Guardians will provide additional comments once the draft analysis is out for public comment.

Thank you for the opportunity to comment.

Sincerely,

Ryan Talbott
