

I live in the River Park area of Xmas Valley. I love the work that has been done on the trail behind my house. I love the logging work that is being done on HWY 50 between Kyburz and S Lake. If this proposed plan is to continue to harvest what can be used and intervene appropriately in what cannot be used, you have my full support. I wish more had been done with the Angora area after that fire.
Thank you for your work.
