Dear Forest Supervisor Wright:

As Chair of the Rural Utah Chamber Coalition, I am writing in support of the Brian Head Resort Expansion.

Rural Utah communities need strong local businesses and diverse economic opportunities. Brian Head Resort helps attract visitors to southern Utah, supporting jobs and businesses in the surrounding area. This expansion would help the resort meet growing demand and strengthen its role in the region's tourism economy.

I encourage the Forest Service to move the project forward. Thoughtful investment in recreation can benefit Brian Head and the broader rural economy.

Thank you for considering my comment.

Abby Franklin Ivory
