Resource Section: NATIONAL Scenic + Historic Trails

Page: 137

Line: 36

Comment: The CDNST section seeks to mitigate existing + pre- existing conditions that the CDNST areas cross. It should be noted that the "up to 0.5 mile on eitherside" is ouat possible do be maintained as high to very high in all areas. Management Plans should consider that and make provision for pre- existing conditions that the CDNST crosses. The condition of the "up to 0.5 mile on eitherside" acts as a management area and should not be used as an "in lieu of" treatment as compared to wilderness or other management area.
