First name: Cliff
Last name: Bayer
Organization: Idaho State Senate
Title: Senator
Comments: I have been to Stibnite several times since Midas started exploring the area and have have reviewed what they would like to do and I for one think it is great that they are willing to do all the things to make the area better in all directions that they have listed.

They are spending a lot of money to upgrade a lot of things that will help Valley county even after they have done what they came to do and left. Everyone should be glad they have help the economy in Valley co.

So lets give them a great big boost and say yes to the project!
