Hi Janie,

Thank you for sending your comments and for participating in the assessment phase of the revision process, the team is considering your input. It's really important to us that we bring all sides to the table throughout this process, and it's great to know that permittees like you and your husband are willing to take the time to stay involved and provide comments and feedback. Pardon my asking, but were you the couple that came to the Montrose Open House because you'd missed the Grand Junction and Delta events? Just trying to put a face to the names :). If you have any further questions, comments or concerns, please don't hesitate to reach out, and have a relaxing weekend!

Thank you,

Brittany
