Hi Natasha,

I'm hoping someone else has already replied to your request (and my apologies if not!), but just in case, you can review the March 2010 initial working draft of the revised Forest Plan on our website:  
<http://www.fs.fed.us/r3/coronado/plan-revision/plan-revision-documents.shtml>

It is the first document listed.

That said, we've made many revisions to the draft since then, and are in the process of developing a DEIS on the revised draft, which should be available for public review around the first of the new year. I will check in with our planner to see if we can send you a copy prior to releasing it...I'll get back to you next week with an update.

Thank you for your interest and for getting in touch.

Cheers,

Linda Peery

the revised plan, and provide comments.
