Comments: Trail closure on Mt Lemmon

To whom it may concern,

I would just like to voice my opinion on the proposed wilderness area on Mt Lemmon. I travel all the way from Michigan several times a year to mountain bike in Tucson. The bug springs and butterfly trails are some of my favorite to ride, and I would be saddened to lose access to this great forest area. Please consider the effects of eliminating areas as potential recreation sites for various user groups.

Respectfuly,
