Comments: Coronado Nat'l Forest proposed wilderness areas

To Erin Boyle, Assistant Forest Planner:

I have reviewed the 10 proposed new wilderness areas in the Coronado and wanted to let you know that I wholeheartedly endorse all of them. As populations rise and development increases here in Southern Arizona it is more important than ever to maintain intact biotic communities around our urban population centers, for the benefit of people and wildlife. Please approve all 10 proposals as soon as possible.

Thank you for your time.

Sincerely,
Jonathan Shapiro
