Comments: City of Fruita - GMUG Forest Plan Revision - Comments on Scoping

Dear Ms. Staley and other interested parties,

The City of Fruita is submitting the attached letter from our City Manager, Mike Bennett with comments on scoping for the Grand Mesa, Uncompahgre and Gunnison National Forest Plan Revision. We appreciate the opportunity to provide comments and we hope to have further communication and input as the Forest Plan is revised. Please do not hesitate to reach out to any one of us at the City of Fruita with questions regarding our comments and we would welcome a meeting to further discuss the City of Fruita's interests in the Fruita Division of the Grand Mesa National Forest.

Sincerely,

Ture Nycum

Parks and Recreation Director
