Title: Outings Chair

Comments: Dear Supervisor Noiron,

The Mountains Group of the San Geronimo Chapter of the Sierra Club is submitting a formal objection for the reasons stated in our comments letter dated April 30, 2018. Resources should be focused on helping homeowners with fire protection measure, instead of disturbing the native forest habitat that supports the California spotted owl (*Strix occidentalis occidentalis*), a Sensitive Species. A delegation of the Mountains Group Executive Committee would like to meet with you to discuss the matter further.

On behalf of the Executive Committee Mountains Group of the San Geronimo Chapter of the Sierra Club
