First name: Cody

Last name: Natali

Organization:

Title:

Comments: my name is Cody. I have been snowmobiling in the Serria Navadas for my whole life and I wish to keep riding in this area, but that might not be possible with the National Forest closeing almost all the areas with one regulation idea. I understand closing a little but it ruins it for us riders. Snowmobiling is my passion and it is my goal to go to X games. Closing areas will make people leave and have to drive quite a ways to have a little fun. This might not be enough to change mind a little. I understand why you need or might have to close areas... I just hope it does not happen.
