Comments: OSV access is a crucial part of many peoples lives here around Lake Tahoe. We not only use it to connect with our tribe but also where we can go where no others normally go without OSV. Blackwood canyon is our major riding area and even though it's is small, the other recreationalist enjoy sharing the land because we all use it with respect and respect earshot in the backcountry. Please keep all land currently open to OSV available and accessible to public that live and travel here to enrich lives and enjoy this beautiful place for years and years to come thank you for your time.
